Los Angeles County Curfew Order

A curfew, as specified below, has been imposed to preserve the public order and safety in the County.⁽⁵⁹⁾

- 1) A curfew, from 6:00 p.m. to 6:00 a.m. is imposed in any “Evacuation Order Zone” or any “Evacuation Warning Zone” within the City of Los Angeles, the City of Santa Monica, the City of Malibu, and all unincorporated areas of the County of Los Angeles, as such zones are identified at any of the following websites: <https://lacounty.gov/emergency/>; protect.genasys.com; and/or www.watchduty.org. These websites show maps of each Evacuation Order Zone and each Evacuation Warning Zone. Evacuation Order Zones are highlighted on the map in red. Evacuation Warning Zones are highlighted on the map in yellow.⁽⁵⁹⁾
- 2) The hours of curfew are between 6:00 p.m. and 6:00 a.m. until this Order is lifted.⁽⁵⁹⁾
- 3) No person, except as set forth in paragraph No. 4 below, shall be upon a public street, avenue, boulevard, place, walkway, alley, park, or other public area, or any unimproved private property, within the areas described in paragraph No. 1 above, between 6:00 p.m. and 6:00 a.m.⁽⁵⁹⁾
- 4) This Order shall not apply to peace officers; fire fighters; National Guard or other military personnel deployed to the area; emergency medical services personnel; individuals working on a project involving a public work of improvement; credentialed media representatives involved in news gathering; and individuals seeking medical treatment. For residents living within an Evacuation Warning Zone, this Order shall not apply to those residents who are traveling to or from their places of residence.⁽⁵⁹⁾
- 5) To extent that the terms of the County’s curfew order are more stringent than any city’s curfew order, the County’s more stringent terms shall apply within such city to that extent.⁽⁵⁹⁾
- 6) Any violation of this Order is a misdemeanor, punishable by a fine not to exceed \$1,000 or by imprisonment for a period not to exceed six months, or both, as provided by LACC section 2.68.320 or any applicable state or municipal law.⁽⁵⁹⁾
- 7) This Order shall be effective immediately as of January 9, 2025, commencing at 6:00 p.m., and extending until 6:00 a.m. on the date this order is lifted. The County may renew, amend, or extend this Order in accordance with Government Code section 8634 and LACC section 2.68.150.⁽⁵⁹⁾

Full text of the curfew order can be found on the LA County Emergency Website: <https://lacounty.gov/emergency/>

Communications

National Weather Service Transmitters	<p>The following transmitters are out of service:</p> <ul style="list-style-type: none"> • Malibu Marine Transmitter (KWL22) located at Point Dume and transmitting on frequency 162.425⁽³²⁾ • Los Angeles Transmitter (KWO37) located at Mt. Lukens/Tujunga and transmitting on frequency 162.550⁽³²⁾ • Sandberg Transmitter (WZ2505) transmitting on frequency 162.425⁽³²⁾
AT&T	<p>AT&T continues to see impacts to our wireless network in parts of Los Angeles, Orange, Riverside, San Bernardino, San Diego and Ventura counties. Customers in affected areas may also be experiencing home phone and internet service disruptions, because of commercial power outages. AT&T is deploying and refueling generators to provide service continuity to our customers until commercial power is restored.⁽³⁵⁾</p> <p>FirstNet Response Operations Group™ is working around the clock to support public safety’s emergency communications and has liaisons engaged with local and federal agencies.⁽³⁵⁾</p> <p>AT&T is waiving overage charges for Postpaid & Prepaid customers to provide unlimited talk, text and data through February 6, 2025 and waving various charges for residential and business wireline orders placed through January 7, 2026.⁽³⁵⁾</p> <p>Additional Links: AT&T California Wildfires Updates</p>
T-Mobile	<p>T-Mobile has restored roughly half of the sites that were impacted by commercial power loss. As conditions safely allow, our teams are evaluating impacted sites in Altadena, Duarte,</p>

	<p>Calabasas, Malibu, Fillmore and Agoura Hills, and continuing to deploy and refuel portable generators to sites until commercial power is restored.⁽³⁴⁾</p> <p>Thursday T-Mobile and Starlink opened up T-Mobile Starlink Direct-to-Cellular service over impacted areas of Southern California to deliver wireless emergency alerts and SMS and enable 911 texting. While SpaceX's direct-to-cell constellation has not been fully deployed, we are once again temporarily making this early test version available.⁽³⁴⁾</p> <p>T-Mobile teams are on the ground in local communities offering free Wi-Fi connectivity and device charging 24/7 at the T-Mobile Fremont & Huntington retail store: 1318 Huntington Dr., South Pasadena, CA 91030. ⁽³⁴⁾</p> <p>T-Mobile is offering unlimited talk, text and data for T-Mobile, Metro by T-Mobile and Assurance Wireless customers in Altadena, La Cañada Flintridge, Los Angeles, Palisades, Pasadena and Sierra Madre who do not currently have this as part of their service plan through Wednesday January 15. ⁽³⁴⁾</p> <p>Mint and Ultra Mobile are supporting impacted customers in Altadena, La Cañada Flintridge, Los Angeles, Palisades, Pasadena and Sierra Madre. Mint Mobile: Customers on 5GB, 15GB and 20GB plans will have their high-speed data allotment increased to 50GB through their current billing cycle, all of which can be used as hotspot. Customers on Mint's Unlimited plan will have their high-speed allotment increased to 2TB with no restrictions on hotspot. Ultra Mobile: Customers on plans with a data allotment will have their high-speed data allotment increased to 50GB through their current billing cycle, all of which can be used as hotspot. Customers on Ultra's Unlimited or Unlimited+ plans will have their hotspot allotment increased to 2TB through their current billing cycle. ⁽³⁴⁾</p> <p>Additional Links: T-Mobile CA Wildfire Response, T-Mobile News Room</p>
<p>Verizon</p>	<p>Wildfire conditions and Public Safety Power Shutoffs in the Los Angeles area have caused service interruptions for some customers.⁽³³⁾</p> <p>Verizon is waiving domestic call/text/data usage incurred Jan. 9 - Jan. 18 for prepaid and postpaid consumer and small business customers* in Los Angeles, Orange, Riverside, San Bernardino, San Diego and Ventura counties. For prepaid customers in the same counties using Straight Talk, Tracfone, Total Wireless, Simple Mobile, Walmart Family Mobile, Net10, GoSmart, and Page Plus, Verizon is extending service end dates to January 18, 2025.⁽³³⁾</p> <p>Verizon has deployed free Wi-Fi and charging stations for public use in several locations throughout the community: ⁽³³⁾</p> <ul style="list-style-type: none"> • Westwood Recreation Center 1350 S. Sepulveda, Los Angeles 90025⁽³³⁾ • El Camino Real Charter High School 5440 Valley Circle Blvd, Woodland Hills, CA 91367⁽³³⁾ • Oxnard College 4000 S Rose Avenue, Oxnard, CA 93033⁽³³⁾ <p>Additional Links: Verizon's Southern California Wildfire Response, Verizon Public Safety News Center</p>

Education – K-12 Schools

Additional Links: [Los Angeles County Office of Education](#)

Los Angeles Unified School District	<p>All Los Angeles Unified schools and offices will be closed on Friday, Jan. 10.⁽¹⁵⁾</p> <p>Meal Distribution: From 8:00 a.m. to 11:00 a.m. on Jan. 10, Los Angeles Unified will have 16 sites to provide meals for students. District families may stop by and walk into any of these locations to receive two meals per student. This will only be available for Los Angeles Unified students. The following are the Grab & Go locations: ⁽¹⁵⁾</p> <ul style="list-style-type: none"> • North: Mulholland Middle School, Sepulveda Middle School, San Fernando Middle School, Richard E. Byrd Middle School⁽¹⁵⁾ • East: Hollenbeck Middle School, South Gate High School, Los Angeles Academy Middle School, John H. Liechty Middle School⁽¹⁵⁾ • South: Fremont High School, Harry Bridges Span School, Edwin Markham Middle School, Barack Obama Global Preparation Academy⁽¹⁵⁾ • West: Marina Del Rey Middle School, Sonia Sotomayor Arts and Sciences and Magnet, Berendo Middle School, Fairfax High School⁽¹⁵⁾ <p>Mental Health Support Services: Los Angeles Unified students and families in need of mental health support are encouraged to call our Student and Family Wellness Resource Line at 213-241-3840. Support is currently available between 7 a.m. and 6 p.m., Monday through Friday. Employees may access Employee Assistance Service for Education (EASE) by visiting https://www.lausd.org/domain/1438 or calling the 24/7 support line at 800-882-1341. ⁽¹⁵⁾</p>
Alhambra Unified School District	<p>All AUSD schools will remain closed Friday, January 10. Currently the plan is to resume classes on Monday, January 13⁽¹⁶⁾</p>
Arcadia Unified School District	<p>All Arcadia Unified Schools will be closed Friday, January 10 along with all school services and activities. Two campuses are also still without power as of Thursday morning. Many staff members have been greatly impacted by the fires, and are still evacuated or are taking care of family members who are. The plan is to reopen on Monday, January 13⁽¹⁷⁾ Enrollment 14,602 students.⁽³⁶⁾</p>
Burbank Unified School District	<p>All Burbank Unified School District sites are closed through Friday, January 10th and will reopen on Monday, January 13th. This includes childcare and all after school activities.⁽¹⁸⁾</p>
Culver City Unified School District	<p>All schools closed Friday, January 10, per the Los Angeles County Office of Education⁽¹⁹⁾</p>
Duarte Unified School District	<p>Schools Closed on Friday, Jan 10. To support our students and families, we will be distributing grab-and-go meals for all Duarte Unified School District students tomorrow, January 10, from 11:00 a.m. to 1:00 p.m. at Duarte High School, located at 1565 E. Central Avenue.⁽²⁰⁾</p>
El Monte City School District	<p>All schools, including Head Start, will be closed on Friday, January 10th, 2025. School will resume Monday, January 13.⁽²¹⁾</p>
Glendale Unified School District	<p>All GUSD schools, child care operations, and district offices will be closed the remainder of the week.⁽²²⁾</p>
La Canada Unified	<p>LCUSD schools will remain closed on Monday, January 13, 2025, due to the ongoing state of emergency. The district is applying for a State waiver to offset lost instructional days, meaning additional school days likely won't be required.⁽²³⁾</p>
Monrovia Unified School District	<p>Due to ongoing issues, including power and water outages at some of our schools, all Monrovia Unified school sites will remain closed Friday, January 10. The hope is to reopen on Monday, January 13, however we will not make that final determination until we have been able to ensure that our campuses are functional and safe.⁽²⁴⁾</p>
Mountain View School District	<p>As the region's unhealthy air quality is expected to persist and potentially worsen, all Mountain View School District schools and facilities will be closed tomorrow, Friday, January 10. Unless otherwise notified, school will resume on Monday, January 13⁽²⁵⁾</p>
Pasadena Unified	<p>Due to the progress of the Eaton fire and its ongoing impact, all PUSD schools will remain</p>

School District	closed for the rest of the week. ⁽²⁶⁾ There has been damage to facilities. PUSD has set up Grab & Go meal sites starting Friday, Jan. 10, 2025. ⁽²⁷⁾
Rosemead Unified School District	January 10, extended school closure and online learning. ⁽²⁸⁾
San Gabriel Unified School District	ALL San Gabriel Unified schools and the district office will remain CLOSED on Friday, January 10, 2025, due to ongoing impacts from the windstorm on our campuses, community, and staff. This decision was made due to: The significant number of District staff that have been impacted by the fires; Hazardous air quality that poses health risks to students and staff; And, the current conditions that make it unsafe for custodial and maintenance staff to prepare our campuses for a safe return. Barring any unforeseen developments, the District plans to reopen campuses on Monday, January 13th. ⁽²⁹⁾
Santa Monica Malibu Unified School District	All schools will be closed January 10. ⁽³⁰⁾
South Pasadena Unified School District	All SPUSD schools and the District Office will remain closed on January 10. We expect to reopen schools on Monday, January 13, after assessing conditions including air quality, fire containment, and secure facilities. ⁽³¹⁾
Temple City Unified School District	All schools closed Friday, January 10, per the Los Angeles County Office of Education ⁽¹⁹⁾

Education – Universities / Collages

ArtCenter College of Design	Due to current windstorms and surrounding fires, both campuses are closed until further notice. ⁽⁶⁷⁾
CalStateLA (CSULA)	Campus access remains restricted through the weekend. Classes/activities to be remote and resume in-person on Monday, January 13. ⁽⁶²⁾
CSU Dominguez Hills	Modified operations for Jan 10. CSUDH staff and faculty are encouraged to work remotely. ⁽⁶⁴⁾
CSU Northridge	While the physical campus is not currently in danger, we continue to remain vigilant to ensure the safety of our campus as the strong winds and smoke from the ongoing fires persists. Out of an abundance of caution, we are transitioning to primarily remote operations for the remainder of the week. Any personnel who must be on campus to perform their duties will be contacted by their manager. For all others, please work remotely in a safe location, and remain in contact with your manager. ⁽⁶³⁾
Los Angeles Community College District	All LACCD colleges will continue with remote operations on Friday, January 10, and Saturday, January 11. All in-person classes and support services will remain on Zoom or online. We anticipate returning to normal operations on Monday, January 13. However, this remains a dynamic situation. ⁽⁶⁵⁾
Mount Saint Mary's University	The Chalon Campus and the Hollywood Studios Campus will remain closed on Thursday and Friday, Jan. 9 and 10. The Doheny Campus will continue normal operations. Classes will now begin on Tuesday, Jan. 14. ⁽⁶⁸⁾
Occidental College	Out of caution relative to the Eaton Fire, Occidental College is closed through Friday, Jan. 10. ⁽⁶⁹⁾
Pasadena City College	Campuses closed, operations suspended, classes cancelled through Sun, Jan. 12. ⁽⁶⁶⁾
Pepperdine University	University officials are monitoring the Kenneth wildfire which is near the Calabasas campus. Classes have not yet resumed for the next semester. ⁽⁷⁰⁾
UCLA	UCLA is curtailing campus operations, canceling undergraduate classes and moving graduate courses to remote instruction Friday, Jan. 10. ⁽⁶¹⁾

Energy – Electric Power

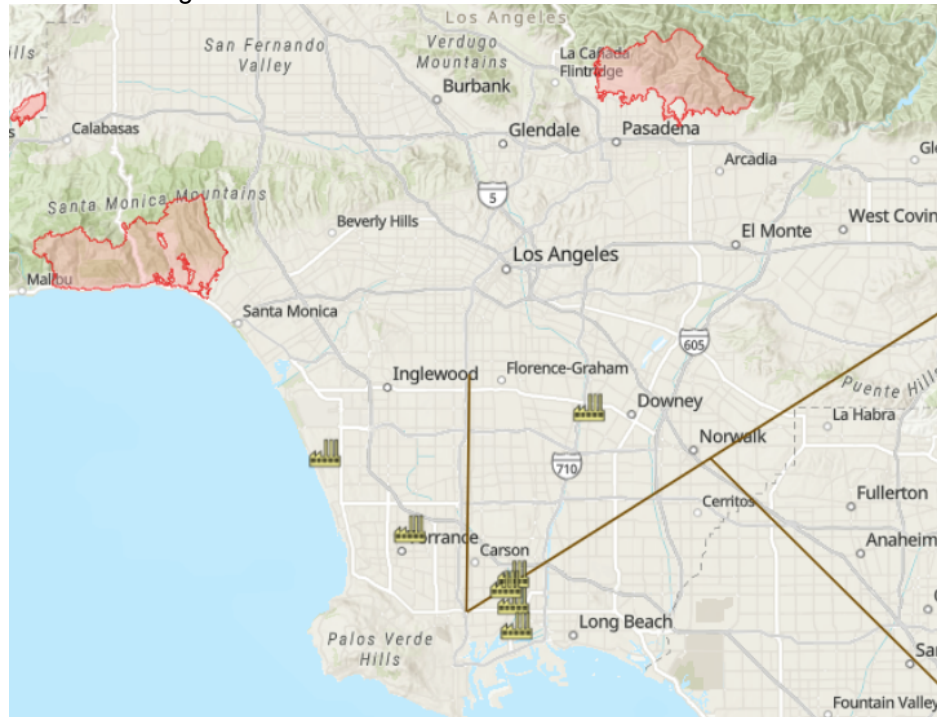

Additional Links:

Los Angeles Water and Power	<p>As of January 9 at 5pm LADWP has restored power to 242,748 customers since the start of the windstorm. There are over 150 crews working around the clock to restore power and PG&E mutual aid crews have been assisting us with restoration efforts.⁽⁵⁾</p> <p>The number of customers without power is 87,060 out of LADWP’s 1.5 million electric customers. The communities with the most impacted customers as of 5 pm are Glassell Park, Los Feliz, and Harbor City in the Metro area and North Hollywood, Sherman Oaks, Pacoima, and Sun Valley in the Valley area.⁽⁵⁾</p> <p>Under current conditions, customers experiencing outages should expect crews to respond between 24-48 hours from the time the outages are reported. Restoration of outages may take longer. Restoration times shown on the map may not accurately reflect field conditions.⁽⁴⁾ Additionally, customers without power who are within or near fire impacted areas, may also experience extended outages of a longer duration due to damage to our equipment or the inability of crews to physically access the equipment or the area, to begin restoration.⁽⁵⁾</p> <p>Additional Links: LADWP Outage Map, LADWP Newsroom</p>																																						
Pasadena Water and Power	<p>PWP’s Customer Service Call Center, (626) 744-4005, is now available. Hours are 7:30 a.m.- 5:30 p.m. All public counters are closed including the PWP payment center at City Hall.⁽⁶⁾</p> <p>Additional Links: Pasadena Water and Power Outage Map</p>																																						
SCE	<p>As of 4:00 pm, January 9. the total number of customers without power is 367,476. Due to the extreme winds and resulting damage and fires, SCE is currently unable to provide detailed outage information and restoration times.⁽¹⁾ As of Thursday evening, 191,960 customers are de-energized due to PSPS events and 312,990 customers are under PSPS consideration.⁽²⁾</p> <p>PSPS Warnings & Watches: PSPS Warning Jan 9 – 12; PSPS Watch Jan 13 – 15, unless noted otherwise below⁽³⁾</p> <table border="1" data-bbox="391 1066 1524 1507"> <thead> <tr> <th>County</th> <th>De-energized as of 1/9 evening</th> <th>Under PSPS consideration as of 1/9 evening</th> <th>Notes</th> </tr> </thead> <tbody> <tr> <td>Kern</td> <td>none⁽²⁾</td> <td>6,907⁽²⁾</td> <td>No continuing PSPS warnings or watches⁽³⁾</td> </tr> <tr> <td>Los Angeles</td> <td>35,454⁽²⁾</td> <td>72,675⁽²⁾</td> <td></td> </tr> <tr> <td>Mono</td> <td>None⁽²⁾</td> <td>272⁽²⁾</td> <td>Only PSPS Warning Jan 9⁽³⁾</td> </tr> <tr> <td>Orange</td> <td>3,439⁽²⁾</td> <td>17,273⁽²⁾</td> <td></td> </tr> <tr> <td>Riverside</td> <td>87,439⁽²⁾</td> <td>84,986⁽²⁾</td> <td></td> </tr> <tr> <td>San Bernardino</td> <td>33,238⁽²⁾</td> <td>67,772⁽²⁾</td> <td></td> </tr> <tr> <td>Santa Barbara</td> <td>60⁽²⁾</td> <td>4,719⁽²⁾</td> <td>PSPS Warning Jan 11 and PSPS Watch Jan 13-15⁽³⁾</td> </tr> <tr> <td>Ventura</td> <td>32,276⁽²⁾</td> <td>58,386⁽²⁾</td> <td></td> </tr> </tbody> </table> <p>Additional Links: SCE Outage Map., Major Outage Information, SCE Newsroom</p>			County	De-energized as of 1/9 evening	Under PSPS consideration as of 1/9 evening	Notes	Kern	none ⁽²⁾	6,907 ⁽²⁾	No continuing PSPS warnings or watches ⁽³⁾	Los Angeles	35,454 ⁽²⁾	72,675 ⁽²⁾		Mono	None ⁽²⁾	272 ⁽²⁾	Only PSPS Warning Jan 9 ⁽³⁾	Orange	3,439 ⁽²⁾	17,273 ⁽²⁾		Riverside	87,439 ⁽²⁾	84,986 ⁽²⁾		San Bernardino	33,238 ⁽²⁾	67,772 ⁽²⁾		Santa Barbara	60 ⁽²⁾	4,719 ⁽²⁾	PSPS Warning Jan 11 and PSPS Watch Jan 13-15 ⁽³⁾	Ventura	32,276 ⁽²⁾	58,386 ⁽²⁾

Energy – Fuel (Gasoline)

Refineries & Major Fuel Pipelines

The question came up on regarding the wildfires in relation to the Southern California Refineries. It is important to note that fuel refined in the LA basin supports Southern California and parts of southern Nevada and western Arizona. There are no inbound pipelines for refined fuel into the region.

Map overlays wildfire perimeters with refinery and pipeline data from the US Energy Information Administration.

Energy – Natural Gas

[SoCalGas](#)

Working to resume natural gas service to approximately 5,000 homes in the Malibu community that were not directly affected by the fires. Although long-term repairs will likely be needed in the Pacific Palisades community, SoCalGas is exploring temporary service options for those customers outside the evacuation zone whose natural gas service was interrupted by the fire. We estimate the entire restoration process could take as few as 11 days or as long as 3-4 weeks for all 5,000 customers to be restored. We are seeking mutual assistance from other utilities to bring in additional technicians in an effort to accelerate the restoration process.⁽³⁶⁾

Restoring services to customers is a multi-step process. Step 1: Safely Secure Infrastructure - SoCalGas Crews must isolate the supply line and individually shut off the gas meter for the 5,000 impacted customers currently experiencing outages before restoration can begin. This process could take at least 3-4 days. Step 2: Assess and Repair - Once crews finish meter shut offs, SoCalGas technicians must conduct a leak survey. It will take at least 1-2 days to survey approximately 100 miles of pipeline before the area can be re-pressurized. Step 3: Restore - SoCalGas technicians can begin the process of restarting natural gas service to individual residences after the area is re-pressurized. This process could take 2-3 weeks for all impacted homes.⁽³⁶⁾

- Individual customers will need to be home or allow access during this process to allow SoCalGas to perform an in-home safety check. Each residence could take 1-2 hours to restore, depending on the type and number of appliances in the home.⁽³⁶⁾
- For safety reasons, customers should not attempt to restore gas service themselves. Only SoCalGas technicians and certified contractors are authorized to operate the natural gas service shut-off valve.⁽³⁶⁾

Healthcare

Public Health Facilities	The following Los Angeles County Public Health facilities are currently closed ⁽⁵⁹⁾ <ul style="list-style-type: none">• Monrovia Health Center⁽⁵⁹⁾• Martin Luther King Jr. Center for Public Health⁽⁵⁹⁾• Ruth Temple Health Center⁽⁵⁹⁾• Central Health Center⁽⁵⁹⁾
Pharmacies	Links: Healthcare Ready RxOpen

Lodging / Hotels

AirBnB.org	Airbnb.org is providing free, temporary housing for people who have been displaced by the Los Angeles wildfires. The organization has partnered with 211 LA to connect people with a free place to stay. Airbnb.org is not offering housing directly to individuals at this time. Airbnb.org stays for people impacted by the Los Angeles wildfires are being coordinated by the 211 LA in Los Angeles County. Learn more at AirBnB.org's post . 211LA does note that due to the high volume of requests for Airbnb.org emergency housing support, wait times for a response will be long. Spaces are limited, and completing the form does not guarantee a stay. 211LA's information about the process and a link to the intake form can be found on the 211LA's Greater Los Angeles Wildfires page .
-------------------	---

Post / Mail

USPS	The following two Post Offices have been impacted by the Eaton Fire and operations have been relocated to the Pasadena Post Office until further notice. ^(37,38) <ul style="list-style-type: none">• Altadena Post Office, located at 2271 Lake Avenue, Altadena, CA 91001⁽³⁷⁾• La Canada Flintridge Post Office, located at 607 Foothill Blvd, La Canada Flintridge, CA 91011⁽³⁸⁾ Additional Links: USPS Service Alerts
FedEx	FedEx is experiencing delays and disruptions due to the hazardous operating conditions in parts of California. FedEx is providing pickup and delivery services throughout the affected area as local conditions and restrictions allow. Contingency plans are in place to serve areas that can be accessed safely. ⁽³⁹⁾
UPS	Wildfires are impacting service in areas of California. While UPS facilities are providing pickup and delivery services as conditions permit, some delays are possible. The following postal codes are impacted: 91001, 91009, 91003, 90272, 90049, 90401, 90402, 90265, 91011, 91012, 91023. Note that the UPS Service Guarantee does not apply to shipments affected by this event. ⁽⁴⁰⁾

Transportation - Aviation

FAA Airspace	Various Temporary Flight Restrictions are in effect. See the link below for details. Link: FAA Temporary Flight Restrictions List
---------------------	---

Transportation – Public Transit

LA Metro	<p>Metro continues to be in service. However, there are impacts to some bus and rail lines due to the high winds and wildfires in our region. Metro Board Chair Janice Hahn has also authorized suspending fares through Friday, Jan. 10.⁽⁷¹⁾</p> <p>Additional Links: LA Metro Alerts & Advisories</p>
<p>Santa Monica Big Blue Bus</p>	<p>Due to ongoing wildfires in the region, several bus routes are experiencing detours and delays. Additionally, fare collection has been temporarily suspended and will resume on Monday, January 13.⁽⁷²⁾</p> <p>Additional Links: Big Blue Bus Service Alerts</p>

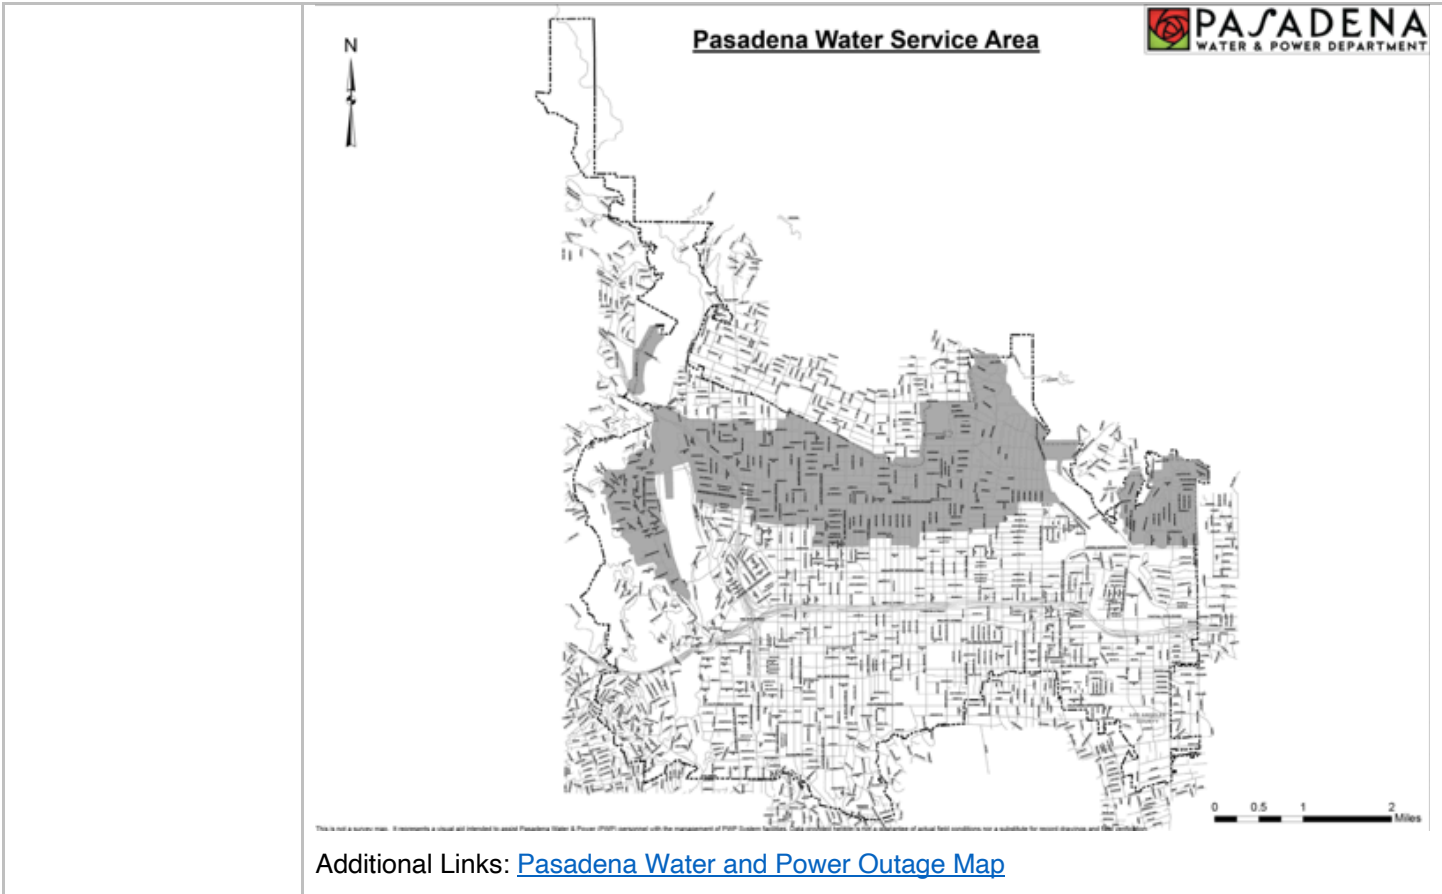

Transportation - Roads

Water

<p>CalWater</p>	<p>We are aware of a news report being broadcasted that directs all residents of LA County to boil their water for drinking and cooking due to the devastating wildfires currently ravaging the Los Angeles area. This report is incorrect. California Water Service customers are NOT under a boil water order. You do not need to boil your water. The fires and subsequent water used for firefighting are not around our service areas.⁽⁴¹⁾</p> <p>Additional Links: CalWater Alert Center</p>
<p>City of Arcadia</p>	<p>The water remains safe to drink for City of Arcadia water customers. The City of Arcadia’s water system is independent and not experiencing the quality and demand challenges other systems are facing.⁽⁵²⁾</p>
<p>Crescenta Valley Water District</p>	<p>Water is safe to consume at this time. Please use water for essential use only to preserve water supply and pressure for firefighting efforts.⁽⁶⁾</p>
<p>Kinneloa Irrigation District</p>	<p>Unsafe Water Alert: Due to the Eaton Fire, some structures in the Kinneloa Irrigation District were destroyed by the fire, and some areas in the water system lost pressure. These conditions may have caused harmful contaminants, including benzene and other volatile organic chemicals (VOCs), to enter the water system. As a precaution, the State Water Resources Control Board, Los Angeles County Health Department, and the Kinneloa Irrigation District are advising residents of the affected area to not use the tap water for drinking and cooking until further notice. Due to VOCs ability to vaporize at lower temperatures and become airborne, residents are advised to: Limit use of hot water; Limit shower time/bathing, and do not take baths (use lukewarm water and ventilate area); Use a dishwasher to wash dishes and use air dry setting; Wash clothing in cold water; Avoid using clothes dryers (dry laundry outdoors); Do not use hot tubs or swimming pools; Do not use ice from automatic ice makers; Use proper ventilation when using water indoors. Bottled water should be used for all drinking (including baby formula and juice), brushing teeth, and making ice and food preparation until further notice. Do Not Try to Treat the Water Yourself: Boiling, freezing, filtering, adding chlorine or other disinfectants, or letting water stand will not make the water safe.</p>
<p>Las Flores Water Company</p>	<p>Unsafe Water Alert: Do Not Use Your Water: An unknown substance has been added to the drinking water supplied by The Las Flores Water Company due to a recent Eaton Fire at Two storage tanks; at the Lake Avenue Reservoir site. The State Division of Drinking Water, Los Angeles County Department Public Health, and Las Flores Water Company are advising residents of Altadena to not use the tap water for drinking, cooking, hand washing, or bathing until further notice. It is unknown at this time when we expect to resolve the problem.⁽⁹⁾</p> <p>Bottled water should be used for all drinking (including baby formula and juice), brushing</p>

	<p>teeth, washing dishes, making ice, food preparation and bathing until further notice. Boiling, freezing, filtering, adding chlorine or other disinfectants, or letting water stand will not make the water safe. ⁽⁹⁾</p> <p>Potable water is available at the following location: 428 E. Sacramento Street Altadena. Please bring a clean water container (5 gallons maximum capacity). ⁽⁹⁾</p> <p>Water Conservation Alert Status: Orange⁽¹⁰⁾</p>
<p>Lincoln Avenue Water Company</p>	<p>Do Not Use Notice: Due to the recent fires, Lincoln Avenue Water Company in coordination with State Water Resources Control Board/Division of Drinking Water are advising residents not use the tap water until further notice. What you need to do: 1. Do not use your tap water. Use bottled water for drinking, brushing teeth, bathing, washing hands, washing dishes, making ice and food preparation (including preparation of baby formula and juice). 2. Do not try and treat the water yourself. Boiling, filtering (including installed home water treatment devices), letting water stand or adding chlorine will not make the water safe. Failure to follow this advisory could result in illness. LAWC will notify residents as soon as it is determined that the water is safe to drink.⁽¹¹⁾</p>
<p>Los Angeles Department of Power & Water</p>	<p>Boil Water Notice: The Los Angeles Department of Water & Power (LADWP) and State Water Resources Control Board Division of Drinking Water strongly advise consumers in the 90272 zip code, and adjacent communities in the LADWP service area north of San Vicente Blvd. to only use boiled tap water or bottled water for drinking and cooking purposes until further notice due to low water pressure in the water distribution system stemming from high water usage to respond to the Pacific Palisades wildfire. Bring all tap water to a boil, let it boil for one (1) minute, and let it cool before use. This also applies to water that is used for brushing teeth, making ice cubes, and food preparation such as washing produce. LADWP is issuing this notice as of January 8, 2025. Until adequate water pressure can be re-established, and water is tested and confirmed to be safe, this notice is in effect. It is possible that disease-causing organisms could be present. LADWP will inform you when tests show that water is safe to drink, and you no longer need to boil your water. This will take a minimum of 48-hrs to complete the testing process in accordance with public safety protocols.⁽¹²⁾</p>
<p>Los Angeles Department of Public Works District 29, Malibu</p>	<p>Boil Water Notice: The Los Angeles County Waterworks District No. 29 (LACWD) recently experienced a low-pressure event due to the Palisades Fire. The State Water Resources Control Board - Division of Drinking Water and LACWD are advising all its customers to only use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution to avoid stomach or intestinal illness. The affected area includes all Los Angeles County Waterworks customers located in the following areas⁽⁶⁰⁾</p> <ul style="list-style-type: none"> • The Sunset Mesa community from Topanga Beach and Coastline Drive on the south to Shoreheights Drive on the north. ⁽⁶⁰⁾ • From Topanga Canyon Rd to Carbon Canyon Rd in Malibu, including communities of Big Rock and Carbon Mesa. Not including communities in Topanga Canyon, more than one mile from the beach. ⁽⁶⁰⁾ <p>We will inform you when tests show that water is safe to drink and you no longer need to boil your water. We are working to resolve this issue as quickly as possible.⁽⁶⁰⁾</p>
<p>Pasadena Water & Power</p>	<p>Do Not Drink Water Notice: The Eaton Fire caused damage to several City of Pasadena reservoirs and pump stations, potentially impacting water quality within the areas shown in gray on the map. While the extent of the damages cannot be evaluated at this time due to the ongoing fire situation and limited accessibility, the water systems that serve the impacted areas may be compromised, including potential debris and other matter from fire damage. Therefore, the City issued a do-not-drink water notification alert, Tuesday, Jan 8, 2025, to notify and protect the health of our community. ⁽⁷⁾</p> <p>Bottled water should be used for all drinking (including baby formula and juice), brushing teeth, washing dishes, making ice and food preparation until further notice. This also applies to pets and domestic animals. Additionally, do not try to treat the water yourself. Boiling, freezing, filtering, adding chlorine or other disinfectants, or letting water stand will not make the water safe to drink.⁽⁷⁾</p>

Additional Links: [Pasadena Water and Power Outage Map](#)

[Rubio Canon Water System](#)

Unsafe Water Alert: Rubio Cañon Land and Water Association water is possibly contaminated with Ash, and Soot. Do not use your water. Failure to follow this advisory could result in illness. An unknown substance has been added to the drinking water supplied by the Rubio Cañon Land and Water Association due to a recent fire (Eaton Fire) at Maiden Lane Reservoirs. The State Division of Drinking Water, Los Angeles County Department of Public Health, and Rubio Cañon Land and Water Association Water System are advising residents of Altadena, CA to not use the tap water for drinking, cooking, handwashing, or bathing until further notice. Bottled water should be used for all drinking (including baby formula and juice), brushing teeth, washing dishes, making ice, food preparation and bathing until further notice. • Do not try to treat the water yourself. Boiling, freezing, filtering, adding chlorine or other disinfectants, or letting water stand will not make the water safe. We will inform you when tests show that the water is safe again. We expect to resolve the problem within the upcoming weeks after the Eaton Fire has been extinguished.⁽¹³⁾

Water Conservation Alert Status: Critical⁽¹⁴⁾

Los Angeles County has created a [County Recovery Page – Palisades Fire](#), which brings together information on various available resources.

SAMHSA Disaster Distress Helpline

The Disaster Distress Helpline (DDH) is the first national hotline dedicated to providing year-round disaster crisis counseling. This toll-free, multilingual, crisis support service is available 24/7 to all residents in the U.S. and its territories who are experiencing emotional distress related to natural or human-caused disasters.

- Call or text 1-800-985-5990.
- Español: Llama o envía un mensaje de texto 1-800-985-5990 presiona “2.”
- For Deaf and Hard of Hearing ASL Callers: Please text or call the Disaster Distress Helpline at 1-800-985-5990 using your preferred Relay provider.

The helpline is open to anyone experiencing emotional distress related to disasters. This includes survivors of disasters; loved ones of victims; first responders; rescue, recovery, and relief workers; clergy; and parents and caregivers. You may call for yourself or on behalf of someone else.

The helpline puts people in need of counseling on the path to recovery. When you call or text, crisis counselors listen to what’s on your mind with patience and without judgment. DDH is staffed by trained counselors from a network of crisis call centers located across the United States, who provide:

- Crisis counseling for people in emotional distress related to any natural or human-caused disaster
- Information on how to recognize distress and its effects on individuals and families
- Referrals to local crisis call centers for additional follow-up care and support
- Healthy coping tips

There is no need to give any identifying information when you contact DDH. The counselor may ask you for some basic information at the end of the call, but these questions are optional and intended to help SAMHSA keep track of the types of calls it receives.

Acres Burned	% Contained	Start Date	Estimated Containment Date
13,690 ⁽⁵¹⁾	0% ⁽⁵¹⁾	January 7 ⁽⁴³⁾	January 22 ⁽¹¹⁾
Initial Location		Initial Latitude / Longitude & PSA	
Near Altadena Drive and Midwick Drive, Altadena/Pasadena ⁽⁴³⁾		34.1892,-118.09718 ⁽⁴³⁾	
Fire Activity			
Active Flanking, Backing & Short-range Spotting. The fire continues to burn with a rapid rate of spread through the mountain canyons and further north into the forest. Flanking fire continues to move outward from the perimeter and larger fuels continue to burn interior. ⁽⁵¹⁾			
Fuels: Fuels are a mixture of seasonal grasses, moderate brush and chaparral mix, and small timber. Long term drought has created a receptive fuel bed throughout the burn area. ⁽⁵¹⁾			

Weather Concerns

An extended period of offshore flow will continue across the burn area into the middle of next week. Critical fire weather conditions will continue across the burn until at least Friday evening. While there will be somewhat weaker winds through this afternoon, the winds will increase again tonight through early Friday. Winds will likely vary significantly between higher terrain and the lower elevations of the fire, as the area is sheltered from the northeast. There is a chance of critical fire weather conditions developing again over the weekend and again between Tuesday and Wednesday.⁽⁵¹⁾

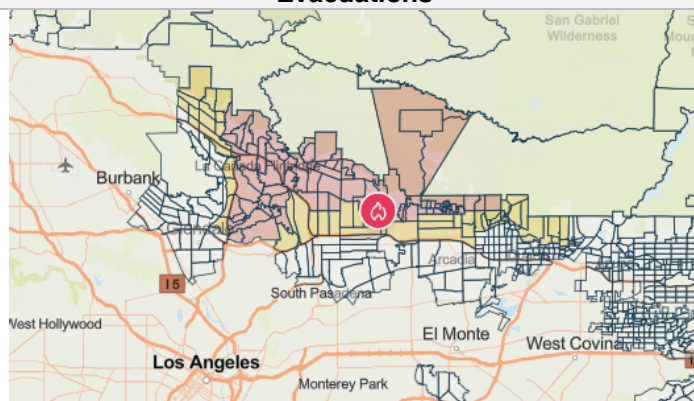

Projected Activity

24 Hours: Fire behavior will remain active due to critically dry fuels. As winds calm, fire behavior will moderate. Larger fuels will continue to burn and present containment issues with continued potential for short range spotting and a topography driven fire.⁽⁵¹⁾

48 Hours: As winds calm, fire behavior will moderate. Larger fuels will continue to burn and present containment issues with continued potential for short range spotting and a topography driven fire.⁽⁵¹⁾

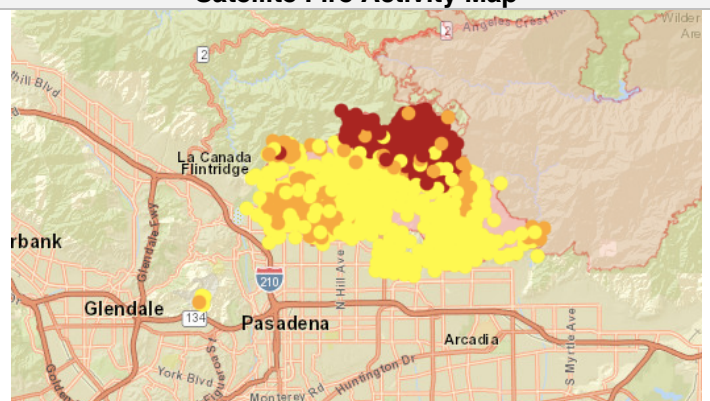

72 Hours: Large fuels will continue to smolder in place with potential for roll out to threaten containment lines. Potential future wind events will play a large role in determining the future fire behavior.⁽⁵¹⁾

Evacuations
